# Obamagrams

**Anagrams, or the rearrangement of letters of a word or phrase, have often been said to incredibly contain hidden deep wisdom.**

**Timely Messages from the Chief Architect of the English Language and World History, Our Creator.**

See, The "bad guy" is supposed to come as an angel of light in the name of world peace... but only as a temporary ruse.  
( Obama works for the interests of the elite international bankers, not us regular folks. If he didn't the World's secretive Finance Pharaohs would not approve and he would lose his job quick, like John Fitzgerald Kennedy (JFK) )

The composer of this booklet also adds that he is diametrically opposed to Obama's recent activity in supporting a new "cyberbullying" bill, where say if you text something over the internet to someone who feelings are saddened by it, the person would be able to complain and the government then has the option of charging you with a felony. That would be totally tyrannical anti-1st Amendment legislation promoting people fearing everyone else, including the elite international banker's world government.

LOOK AGAIN, The incredibly marvelous Creator did A LONG TIME AGO.

The spiritual world and heaven above towers over all language with infinite intelligence.

Our Father Knows you best by your fruit.

He Wishes to Keep and forever Preserve the GOOD Fruit Of the field.

ARE YOU A GOOD FRUIT? Who's Side Are You ON? WITH Truth or Lies?

1939-1945 Germany. Obama-nation: “**National Socializm**” or concentration of power in fewer and fewer hands has already before drastically TWICE PROVEN TO BE A TERRIBLE IDEA.

The "**OBAMAGRAM**" decoding is more impressive than the "Bible Code" and IS also CLEARLY AND MOST HIGHLY obvious.

Obama Can't Save You unless you help save Obama.  
Otherwise the future is already foretold.

*The decoding states Obama will die in a bo-**mb** blast.*

The beast is not loyal to anyone, only the beast itself, even Obama.  
"They", the global Finance Pharaohs, will apparently ass-asinate Obama.

If Obama is not seen at ground zero  
prior to the the nuclear device being detonated (Washington DC?),  
or his family disappears to be with Obama, as he and they would wish so,  
then Obama was not assassinated; his death would only be yet another ruse.  
(A large deep tunnel system has been built under DC. The white house has a entrance.)

Why a nuke? The incredible decoding states: "***A bomb eradicated prank!***"  
("President Barack Hussein Obama"!): "**Ape bomb! Stark Radiance**".  
"Stark Radiance" implies a nuclear device.

However, if you can save Obama from yet another deception  
only then can Obama help save America and you. The NEW highly ridiculous lie  
that patriotic American folk, composed of all 911Truthers and veterans  
is working with Arab militants to help spread Anthrax on people is the most ridiculous attempt at  
yet another outrageous deception that the mass media has spun.

To possibly prevent this, a majority of the world's people would need to  
**READ and HEED the OBAMAGRAM!**

ABOUT THE fascist “**NEW WORLD ORDER**” BEAST SYSTEM; PUBLIC OPINION IS EVERYTHING.

The major media celebrity liars WORLDWIDE need to be arrested and incarcerated  
together with the world's criminal elite class.

Pronto! A good place for The People and their militaries to start the roundup of  
the criminal class is with the members  
of the mainstream press, especially many celebrity presstitutes.

The global elite need to be contained by the good guys within the various militaries  
until the public decides their sentences.

*Ultimately the criminals will decide their own eternal fate. So will you...*
